SENIOR CLASS HISTORY

In January, 1956, 230 very fortunate boys successfully completed an entrance examination admitting them to a well-known military high school. Although not fully aware of it at the time, we were taking one of the most important steps of our lives. For in September of that year we gave ourselves wholly to the Christian Brothers. These dedicated men would be our guides for the next four years. Now at the end of our high school days we look back on our accomplishments both as a class and as individuals. This is the record of some of those that stand out most vividly in our minds.

Our Freshman Year

When we arrived that September we were impressed by the newness of the school, by our fellow students, and by those amazing Brothers. Gradually we became settled only to be rudely awakened by those first demerits and that long walk that goes exactly nowhere. And then, again, we were pleasantly delighted by that first "A."

We cannot now say that studies were difficult; they were just so different and intriguing. Only a freshman dreams of the days when he will be able to speak Latin like Brother, or when he will be able to arrange those x's and y's in the proper manner, or even the days when he will see the prophecies of a certain World History Teacher come true. English, Latin, algebra, world history,—they came; we passed.

Sports became an important part of our lives. We felt that we were at least partly responsible for our great victory over our "friendly" rivals and for the truly great football season we enjoyed. At the end of the year we had a great sense of accomplishment and understandable pride. We had leaped the first hurdle and the next lay ahead. It was our year of discovery and planning.

Our Sophomore Year

A sophomore thinks he knows everything. Well maybe, not everything; but, we sure thought we did. Now old-timers, we were ready for almost anything. Many members of our class became integral parts of our excellent extra-curricular program. We contributed members to all the athletic teams and, our own Bee football team had an undefeated season. Many innovations occurred this year with the starting of the Student Bank and with a Sophomore Class going on a closed retreat for the first time. The value of this retreat was soon seen in the overall attitude of the class. We will always be grateful to the Brothers for making this opportunity available to us.

How to have fun in class—we tried hard to find out how to do it this year. Our football class (I mean biology with Mr. King) was most informative. I can still dissect a frog. In our study of plane geometry, Brother Michael showed us all the tricks an educator needs to get a point across. We shall never forget his "board of education," his trusty "36."

Lead by our almost forgotten mascot, with cherry-bombs and wild antics, we began the attack to break in one who was relatively new to the Brothers and the teaching profession in general, the timid recruit, Brother J. Charles. We loved our soph English teacher; this always showed through by tiny presents from the whole class. Our little hearts would burst with joy as we neatly arranged our frog legs and dissected cray-fish in a pile on his desk. (Frogs and fish compliments of the biology class.)

We lost two of our best friends this year. In September, Brother Joel died and in January Brother Francis went to his reward. These two men, who started us on our high school careers, will never be forgotten. Because of their personal sanctity and their friendly manner of dealing with people, we are sure they have attained a very high place in heaven. May they rest in peace!

When June came we were proud of ourselves and of our school. This was our year of trial and we passed the tests with flying colors.

Our Junior Year

The highlight of our junior year was the winning of the Class L basketball crown for the first time.

The CBC Hi-Pointers entered the state regionals with an impressive record and went to State with a 21-4 entry.

Drawing McBride for their first match, the cagers handed them defeat by the joyful margin of 17 points. Next Lafayette fell prey with a decisive loss. The next contest was not only for

the right to continue on the road to the State Championship, but also to avenge our previous losses to our friendly rivals, the Jr. Bills. We handed them defeat in an inspired game marked by terrific cheering to the tune of 69-48. Finally, it was the time to really show our abilities under fire, and it proved not too much trouble to tame the Joplin Eagles as we clipped their wings in a 76-63 victory.

Our Junior Class had the honor of having three of our classmates on the first string State Championship team. In addition, one of them was chosen MVP in the tournament.

"Our most educational class." This title surely belongs to no other than Brother Charles' Physics Class. What other grouping includes political science, what to talk about on a date, (naturally, a slide rule and Archimedes' principle)—how to make a good pony, the art of constructing projects, posters made easy, and last but assuredly not least, Physics. We remember those tests, every last one of them. It wasn't that Brother used difficult words; it was just the many languages he used them in. "Ergo," "Zingo," "Plunko,"—immortal words these; they will never cease to be part of our vocabulary.

Dress parades and those dust-choked-Wednesdays formed a memorable part of this year. They always came off well and gave our families a chance to see how well we were doing in a military line.

In May one of the most important events of the year took place, the Student Council elections. After a week of hard campaigning, we elected our new officers. They have done a very fine job in running an organization which is the heart of every good school. Thanks to the Student Council, CBC has had many improvements suggested by the students themselves; and we have achieved, through its many pep activities, a new high in school spirit.

This was a year of study and serious thought. Soon we would be seniors and it would be our job to be the leaders. We had been prepared well. That training would pay off in September.

Our Senior Year

Before we knew it, we were the seniors, entrusted with the responsibility to see that everything ran smoothly, and that school functions came off in a creditable manner.

It was our job and we happily took up the burden.

Athletics were, as usual, a focal point in our lives. In our high school career victory had become a common word. This has been especially true on the soccer field. Early each November the varsity soccer team grinds in for hard practice and a fine team effort to show the St. Louis area who look like, play like, and are the champs.

As frosh, we had two outstanding players on a squad that won 15, lost 1 and tied 4. The following year saw eight of our present classmates on the squad. All saw action and helped contribute to a sensational season of 15 wins, 14 of them shut-outs, no losses and one tie. Our junior year saw another great season. We won 22, lost 1, scored 92 goals, allowed 8. In our senior year we won the league championship with 23 wins but lost a heart-breaker, 2-1, to Mercy in the District opener after a 24-day lay-off due to the inclement weather. Also in this year we won the Christmas tourney for the fifth consecutive time.

Special congratulations and thanks are given to the greatest—in our eyes, at least—soccer coach in the U. S., a man with a temper to match his fiery red hair, our lovable coach, Robert C. Horgan.

Not too soon after being put back on the straight and narrow, we began to worry about the coming promotions. No longer the carefree and gay cut-ups of the junior year, we put in a little extra time on school work in anticipation of the promotion board's investigations. After hard work and much speculation, the good news was made known to all.

Lads and Lassies is the most important theatrical production put on by the Band and Choral Club in co-sponsorship by CBC and Ursuline Academy. This is indeed the show of the year. Gay costumes and excellent dancing along with the many loyal patrons all make for a fine show.

At the end of the semester Brother Jerome collected the

GUARDS' PLATOON

First organized in 1957 for the purpose of assisting the cadet officers in maintaining discipline and stopping infractions of school regulations, the Guards' Platoon has finally obtained the respect of all students. This respect it has long deserved (says the writer).

This year the Guards have come unto their own under the able guidance of Sgt. Leonard King.

Together with Capt. Mike Murphy, Commander of the Guards, Sgt. King has completely reorganized the group, distributing direct leadership more widely by the formation of internal fire teams.

Adding precision drill to their curricula, Sgt. King has molded the group to the point where they rival their older competitors, the Grenadiers and the Lancers.

In addition to performing their everyday duties, the Guards have been honored this year by taking part for the first time in the Veterans' Day parade.

Maj. James Huls, Section Leader; Capt. Dana France, Executive Officer; Capt. Michael Murphy, Commander; 1st Sgt. Donald Riesmeyer, Guidon Bearer; Maj. Edward Karst, Section Leader.

THE ROSS LANCERS

The Ross Lancers are so named to commemorate the first Professor of Military Science and Tactics at CBC, Colonel Glenn A. Ross. They are a select group of cadets who have become proficient in close order drill and certain related movements.

All members of the Ross Lancers are five feet six inches or below. The Ross Lancers perform their precision movements at the Spring and Fall Reviews, and any other military function downtown.

In addition to the height required, Lancers are chosen especially for their military records and their marching skill. A total of 41 cadets comprise the Ross Lancers. Of this total, there are four eight man squads that account for 32 cadets. With them there are four officers who are selected from the ranks by popular vote of the members themselves. The men also choose one drill master and one Guidon Bearer. In addition to the foregoing 38 cadets, there are three supernumeraries whose degree of training and skill enable them to fill the position of any member who is absent.

Members of the Lancers practice for five days a week, and for a half-hour between 0730 hours and 0800 hours. Through this continuous drill, the Ross Lancers are concentrating on being the No. 1 drill unit in the school.

PFC. Michael Condit, Guidon Bearer; 2nd Lt. Kenneth Butler; Capt. Robert Conley, Executive Officer; 1st Lt. Michael Borgard, Commander; Lt. Col. Charles Tines, Lt. of the Lancers; Cpl. Craig Dunn.

THE ELZEAR GRENADIERS

Maj. Thomas Heisler, Guidon Bearer; Lt. Col. Anthony Pelchman, Drill Instructor; Maj. John Ebeling, Section Leader; Lt. Col. Charles Steib, Commander; 2nd Lt. John Poelzl, Section Leader.

Precision Drill Team, Guard of Honor, Representative of the Corps of Cadets: These are the assignments fulfilled by the Elzear Grenadiers. Since their founding in 1937, the Grenadiers have participated in the Fall and Spring Military Reviews, the annual Federal Inspection, and Graduation Day exercises. They also serve as Honor Guard for the Archbishop in the Youth Day ceremonies at the Cathedral. This year they also acted as Special Honor Guard for Father Thomas English, CSC, a past Grenadier Commander (Class of 1950) who, after being ordained at Holy Cross Seminary, Santiago, Chile, celebrated his first solemn Mass in the United States last November.

The "G-men" are named jointly in honor of Brother Justinus Elzear who introduced the Military Program to CBC, and Brother Elzear Stephen who, for nearly 40 years, was a member of the CBC faculty.

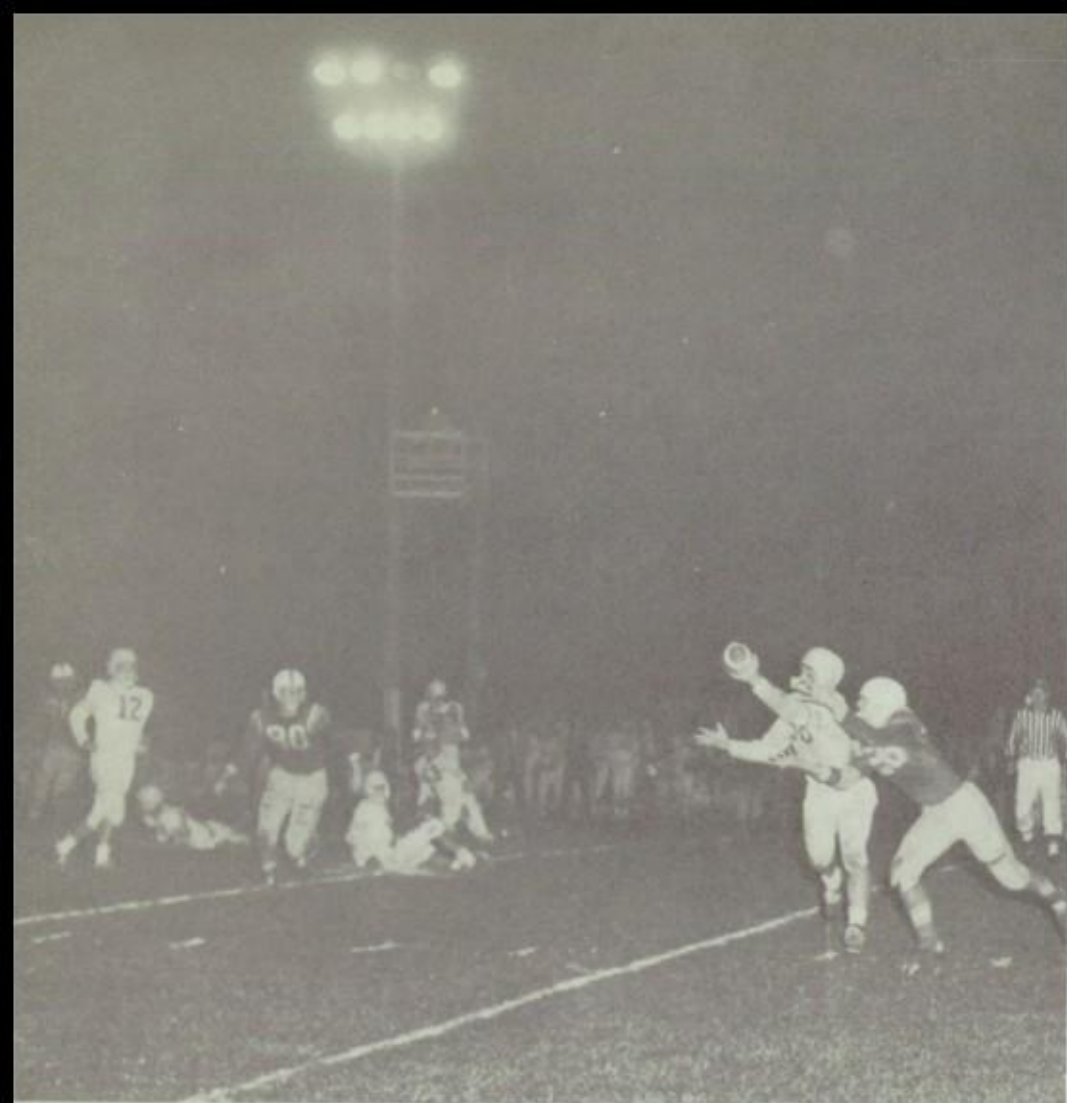

Grenadier personnel are selected early in the school year and cadets who "make the grade" can be proud of that fact, for they represent the best of the Corps.

Through the years, the Grenadiers have maintained the highest standards of neatness, discipline, and precision drill. This year has been no exception as the Grenadiers have upheld the high degree of proficiency expected of them in all their appearances.

The Grenadiers use basic military formations, supplemented by such unique movements as the "pinwheel" and the distinctive "Grenadier G." These and other precision movements give the unit a well-balanced drill presentation.

Bottom Row: William Wolf, Tom Vaccaro, Steve Walden, Ed Rau, James Huelster, Glen Nenninger, Robert Hampe, James Conway, Ed Knoll. **Second Row:** Robert Willman, James Frederick, Don Hemmer, Michael Casey, Richard Marsh, John Peckham, James Wachter, Robert O'Brien. **Third Row:** Joe Ring, Carl Steib, John Piper, Dominic Polizzi, Richard Bax, Michael Moore, Joseph Piskulic, David Kunz. **Fourth Row:** John Smerek, Gary Larkin, John Pohl, Gary Kimmick, John Harbaugh, Jack Cooley, Dennis Schumann. **Top Row:** James Rancilio, Gerard Sandweg, Tom Fox, John Geraghty, Benjamin Sabato, Arthur McManus, Joe Gagliardi.

VARSITY BASKETBALL SQUAD

Gee! Garry! How do you do it?

Garrison goes up in the world.

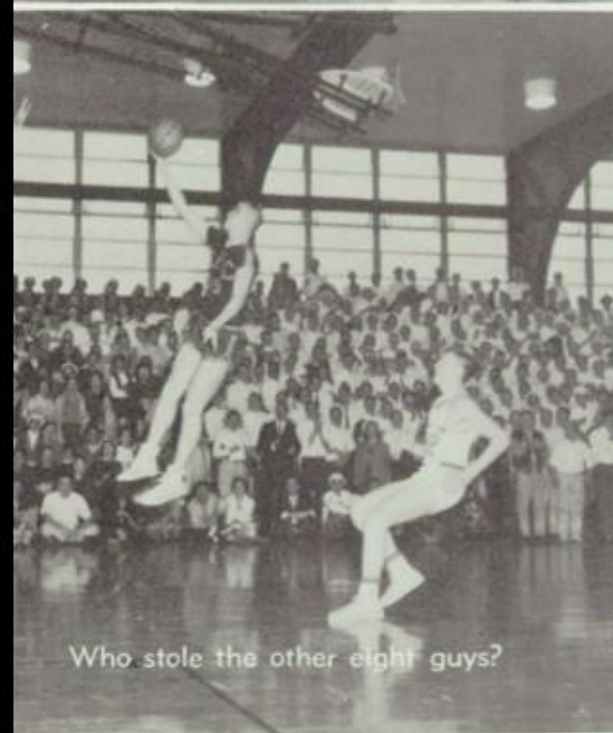

Pretty big court, huh, Bud?

The long drive starts!

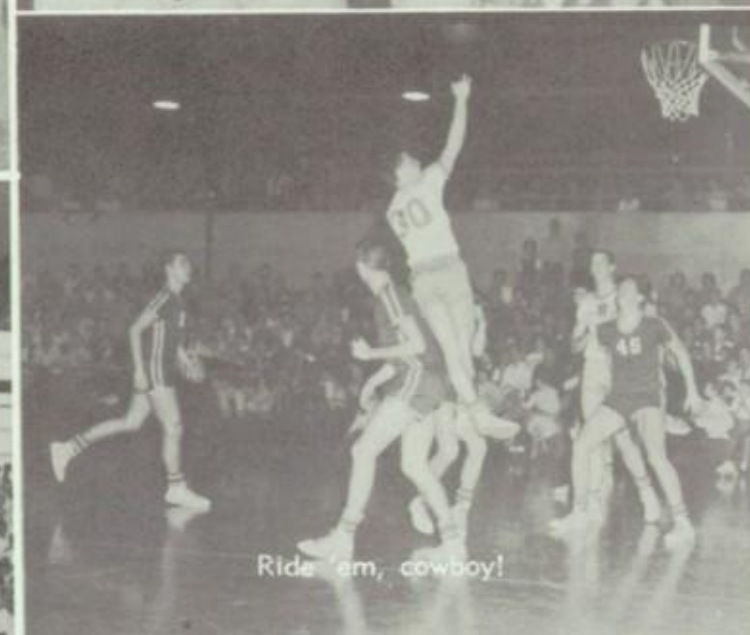

Who stole the other eight guys?

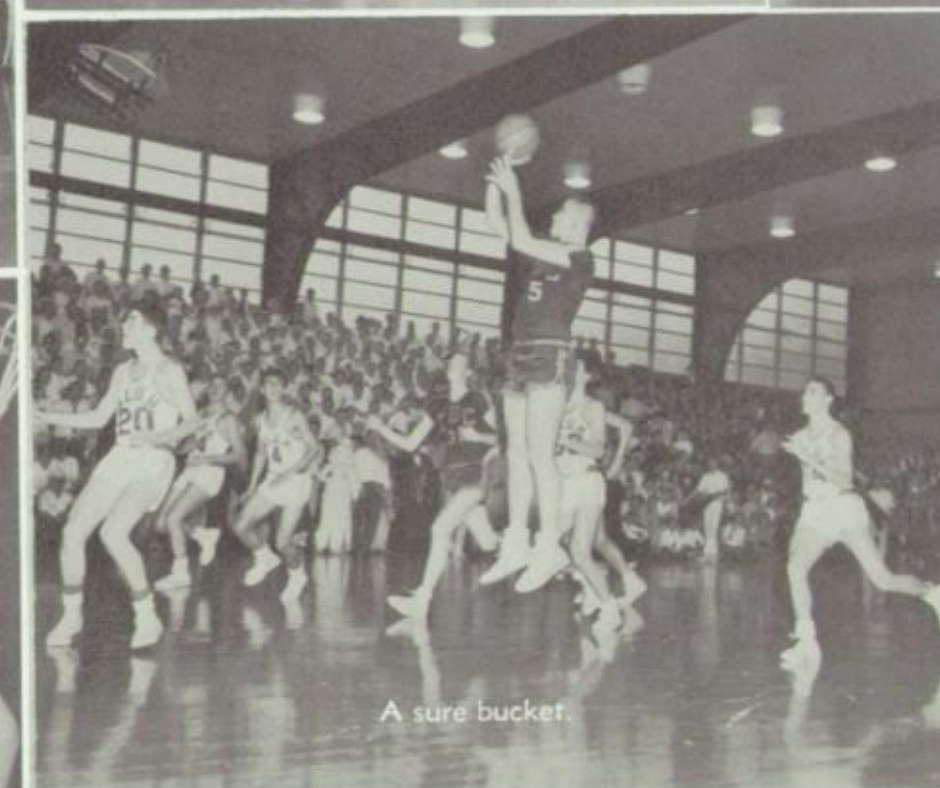

Bart chalks up two.

Is it stuck up there?

Ride 'em, cowboy!

A sure bucket.

That basket is way up there, isn't it, Jim?

Top to Bottom: Mike Peters, Norb Leahy, Gene Pfeffer, John Kelly, Dana France, John Putman.

See somebody you know, Garry?

1960 STATE CHAMPIONS

"If they didn't have Garrison and Freihaut we could have made it quite a game. It's pretty tough to win when there are two big guys sticking their arms down the basket all night." These are the words of Brentwood's Coach John Lauer.

Going into the toughest regional in the State, University City, the Cadets sported a somewhat unimpressed record. CBC was seeded Number 2, but showed that that was a mistake as the Hi-Pointers went all the way! First victim was Brentwood, 74-43. Garrison was high with 27 points. Next come the University City Indians who were big but after the contest joined Brentwood in the Cadets' list of victims. Final score was 43-33.

Then came the final regional game against Maplewood. To put it in the words of the Daily Paper, "Last night CBC's basketball team exploded with a blast that could be heard as far as Washington U., site of the state Class L tournament next week, when the Cadets turned on an awesome display of power to win the regional championship at University City by the score of 69-40."

Then came the big time. Schools from all over the state would play, but the papers read, "CBC Quintet Rates Favorite Role in State Class L Meet." This came mainly because of the experience CBC had: Garrison made the trip to State four times and Redd and Strange thrice each.

First to be met and conquered were the Bulldogs of Sumner by the score of 63-53. Garrison again was high point man with 21; he also grabbed 26 rebounds—one more than the entire Sumner team together. Mike McCotter followed Garry with 18 points.

The uniformed Cadet Corps then journeyed to the Washington University Fieldhouse to meet an outstate team from Chillicothe who boasted a 29-1 record.

Chillicothe had come to meet the Cadets by defeating North Kansas City the previous night, but the big balanced power of CBC proved to be too much. Five Cadets scored in double figures, headed by Garrison and Freihaut with 20 each. The Big Team made good 34 of its 68 shots. Garrison also collected 20 rebounds, though for awhile it didn't look like he would play long enough to do that. He drew his third foul with just 10:20 gone in the game, and sat out the rest of the half. Freihaut and McCotter each drew a third foul before the half ended. CBC quickly extended its lead in the third quarter to put a victory out of reach of Chillicothe, which had a 20-game winning streak. At the conclusion of the contest the scoreboard showed the Cadets ahead, 80-58.

Crystal City then rose to attempt to dethrone the '59 State Champs. One of the main attractions of the night was a duel between

CBC RETAINS CLASS "L" CROWN

Garry Garrison and Crystal City's Bill Bradley. The general opinion was: As Bradley goes, so goes Crystal City. Garrison held Bradley, the Cadets held the other four Hornets and CBC triumphed, 77-61.

Then came our second chance to a second straight Missouri State Class L Championship. Opponents were none other than our rivals from down on Oakland Avenue. The Cadets started off just as they had the previous games in the tournament, hitting quickly and taking a good-sized lead. Jim Redd and Garrison opened with baskets and Garrison made it 5-0 before the Junior Bills could break the ice. Garrison then scored two quickies for a 9-2 CBC lead. Mike McCotter and Jerry Strange now combined for three points and when the

first quarter ended, CBC was on top, 18-13.

Serious foul trouble came in the latter part of the second quarter when Garrison gathered his second and third personal. A rebound shot by Garry made the half score, 30-26. In the second half, the Junior Bills never threatened and the final score was CBC 61—St. Louis 49.

Garrison was credited with 29 rebounds against 20 for the whole St. Louis team. Garrison was also high with 29 points. Strange had 10, McCotter 9, Freihaut 6, Redd 4 and Prow 3.

Thus CBC became the only Catholic School in Missouri to win the Class L Championship for two consecutive years.

PERENNIAL CHAMPS!

The Christmas Star, the Star of Victory, came into view this Christmas week, hovered over CBC, hesitated not a moment, then settled down there, spreading its warmth into the heart of every Brother and Cadet, with the news that Mr. Robert Horgan and his boys had won their fifth consecutive Soccer Christmas Championship Tournament.

Soccer is a tradition at CBC and it is followed with keen interest by Brother Bernard and all the faculty. Congratulations to Mr. Horgan and his team for polishing off this bright and highly prized trophy in such fine style. Their victory is well earned and surely deserved.

Here are the ABCs of the tournament:

(A) aggressive Ability
(B) Bob Horgan . . . 'nuf said
(C) Confidence . . . This Championship team has that quality; the opposition senses it instantly; it gives our team the edge.

There were three rounds of play for the championship, the first against its tough and experienced DeAndreis team. This was an exciting game, won by one goal during the overtime play-off. We were playing footsy with Lady Luck that day, and she smiled on us for sure. And that big Irish smile warmed everybody in reach!

The second round we met the men from the Prep Seminary. The Cadets proved to be better "mudders" than the boys in black. This was a real squashy victory, 4-0. You can be sure Christian courtesy was forgotten that day . . . that the boys rushed in "where angels fear to tread."

The third and final game, the Hornets tangled with the tough Laboure High in which the game was very tight, until the Cadets broke it wide open with two goals to win their fifth straight Christmas Soccer Tournament.

SOCCER CHAMPS

There's nothing new under the sun, it has been said, but there is.

Another year, another trophy added to the glittering array so prominently displayed at CBC.

Five CYC Christmas tourneys, five consecutive wins. Oh, the monotony of it! There's an old solid sport's slogan that goes like this: "Any team looks good when they're winning," and that's why Mr. Horgan's Soccer Team always look good; all they do is win. Just a simple statement of fact.

Now the spotlight turns on Mr. Robert Horgan, coach of this well-organized group. Whether he is pounding his rubber heels along the echoing corridors of CBC and turning in at 402, or digging his cleats into the frozen turf, he is equally confident: master of the classroom and on the athletic field. Handsome, rugged, alert, athletic looking, it is the air of competency that exudes from this man. He is a hard task-master but a fair one, and his boys go all out for him. Why, there's not an unbruised shin among them. He asks no more of his players than he is willing to do himself. Full credit is due him. Through his drive, personality and Irish wit have come a highly skilled and competitive team, second to none.

CBC finished in 2nd Place.

Now to identify the starting lineup: The forward line consists of Timmy and Terry Knox (as stalwart as the Fort of the same name) . . . Moke Johnson (operates like a 75 hp outboard) . . . Carl Gentile (nothing gentile about this lad when he's racking up those points) . . . Tom Layton (he's never late in scoring) . . . **Half-backs**—Don Cerisia (sure is a fine player) . . . Jim Renechen (digs in as if he were trenching) . . . **Mike Lyons** (does a lion's share of the defensive work) . . . **Capable fullbacks are:** Rich Box (one of our most determined backs) . . . Tom Giovanni (old Gi is a "gee whiz") . . . **and last but certainly not least, our goalie:** Rich Block (the name fits the goalie; he really blocks 'em).

Space is too limited to go into details about the many fine substitutes but, no doubt, you'll be reading about their achievements in next year's **Guidon**.

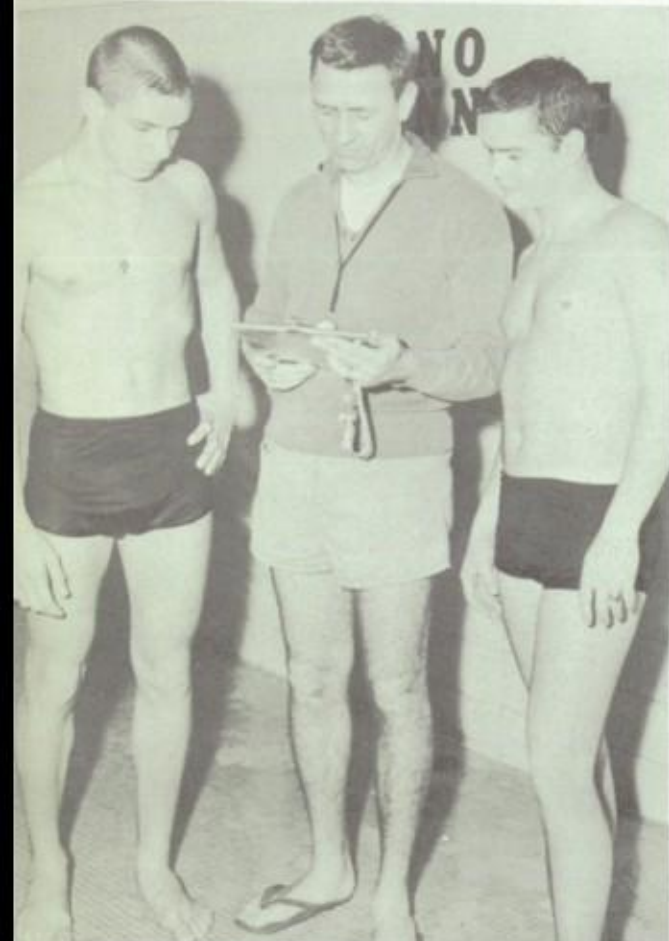

These boys are enthusiastic, disciplined, and have that certain degree of self pride that goes with winning in any line of human endeavor.

BEE TEAM—Bottom Row: John Foley, Robert Vieth, James Briscuso, John Grutsch, Kim Baker, Robert Airolti. **Middle Row:** John Grote, John Deck, Raymond Weckler, Gary Lucas, Victor Hoff, Kevin O'Connell, Paul Jovanovich. **Top Row:** Coach William Gerdemann, Peter Sharamitaro, Thomas Marshall, Roger Lune, Melvin Parentin, James Kirtland, William Van Rhein.

SWIMMING TEAM

Left: Co-Captain Jerry Fabian, Coach Ed Tines, Co-Captain Robert Glarner.

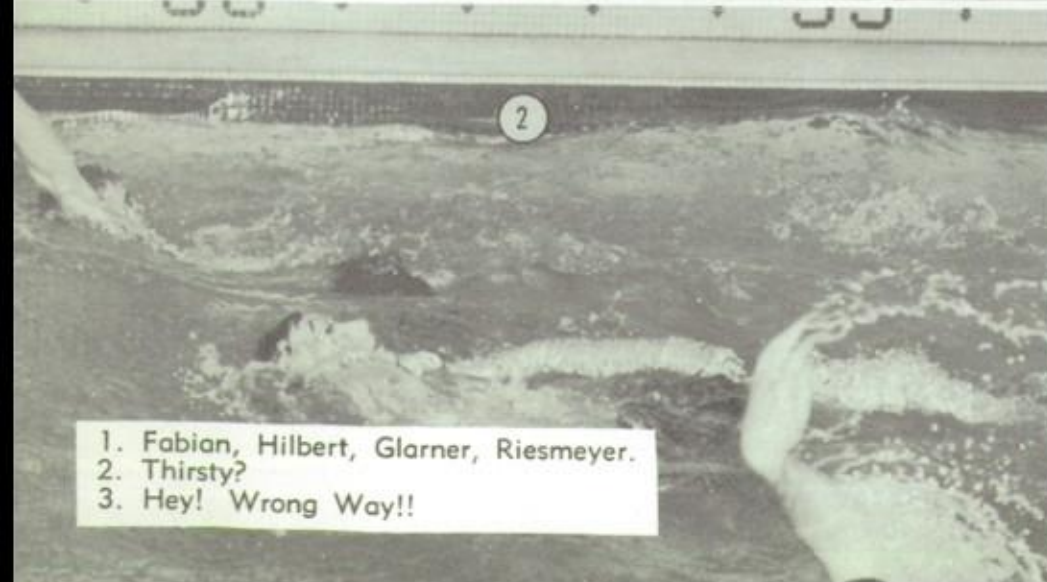

After several disappointing seasons, the Swim Team finally came through with a good record. Several of their wins were posted over top-rated schools. The upward trend in victories was due to an all-around team effort and especially to the blossoming of several of Coach Tine's fish into stars.

Absence next year of Riesmeyer, Glarner and Hilbert, who formed the 200-yd. freestyle relay, will be felt, but with a great percentage of the team coming back, it is predicted by many that a state team is evidently on the way.

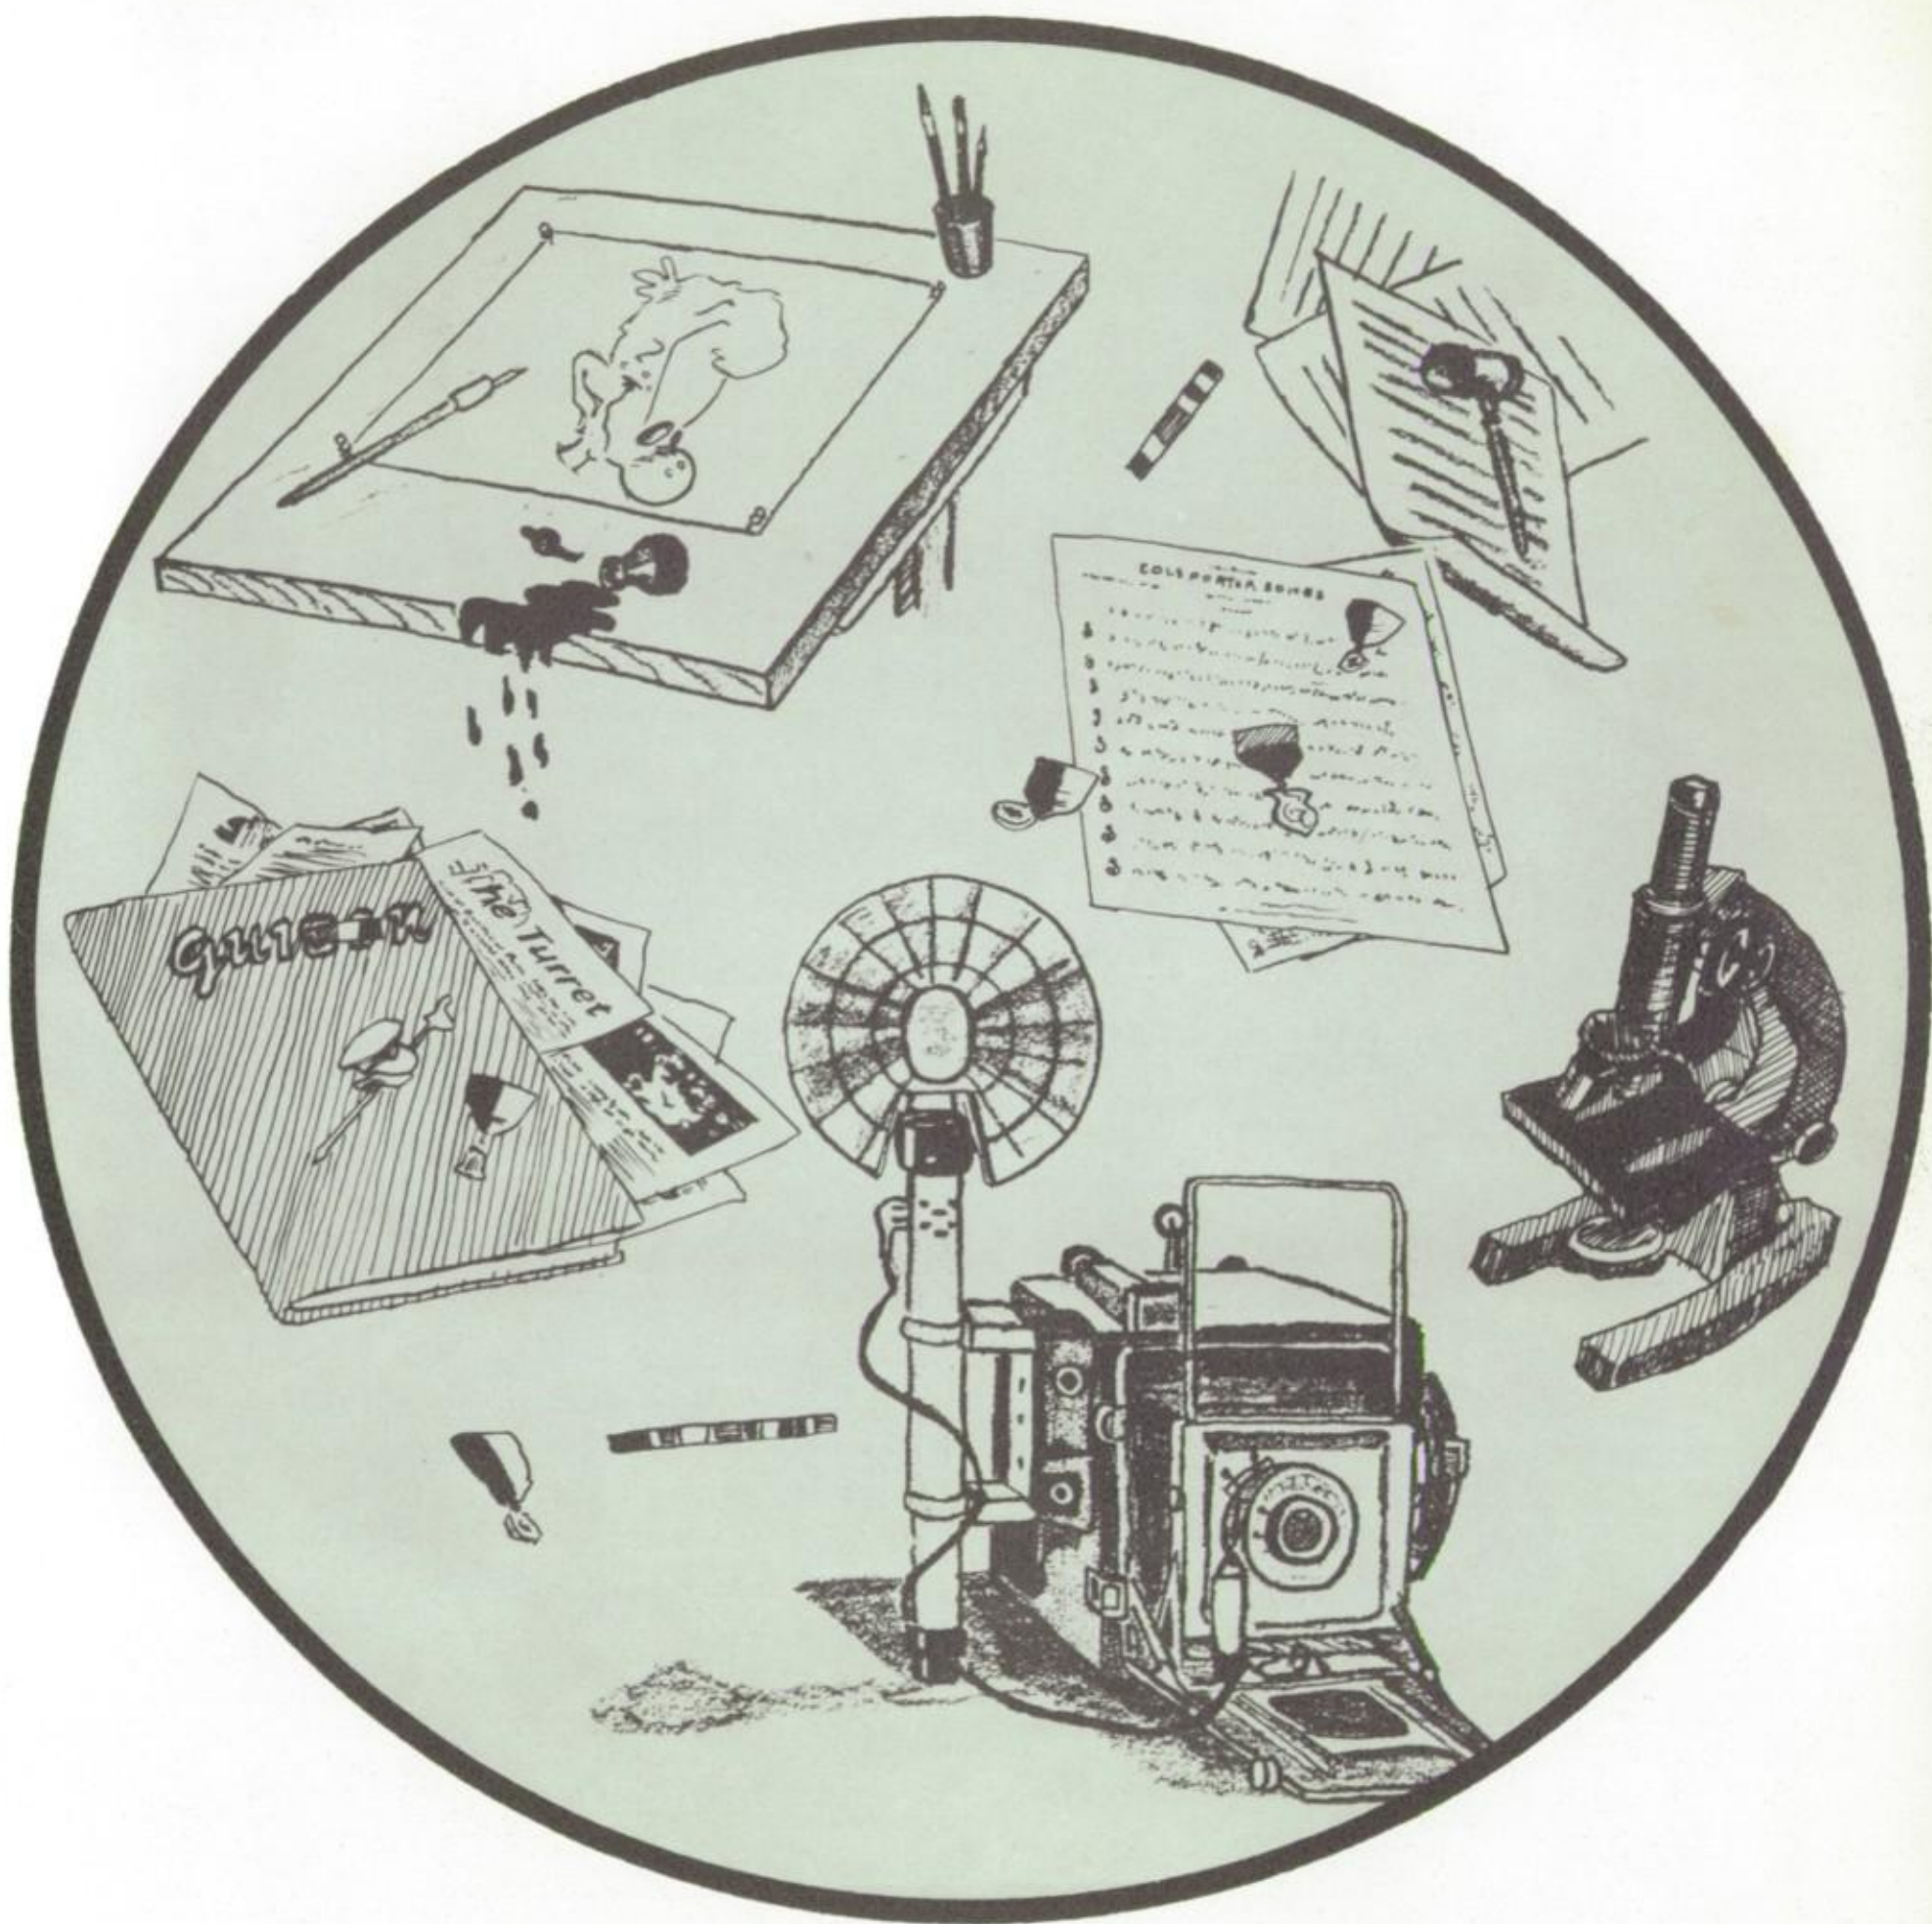

Among the returning swimmers are Mackie McCollum and Jerry Fabian, who — between them — won four events in almost every meet. Gabe Csengody who broke Ross' old breast-stroke record will also be back. Others include John Wolfberger, Ron Cox, Dan O'Neil, George Durbin, Pot Blake, Bill Stover, and Joe Hanneken.

Potentially, Coach Tines' team could be great. Barring injuries it could go all the way and bring the first state crown in this water sport to CBC.

Laurels won this year included a second place in the Catholic meet, 8th out of the 16 teams in the U. City Relays, and 8th place in the 33 team State Meet. Six medals picked up at this meet were those by Fabian—4th place, 50-yd. freestyle; Csengody, 5th place, 100-yd. breast-stroke; Durbin, Hannekan, McCollum, Fabian, 5th place, 200-yd. freestyle relay.

STUDENT BANK

The 1959-60 Student Council, under the direction of Brother J. Charles, moderator, and Chuck Steib, president, has much to its credit at the end of another prosperous school year.

Its Scholarship Committee sponsored a successful Current Events contest in addition to awarding its two annual Student Council scholarships. Money was raised through successful operation of the Chevron concession stand at the football games.

For the second year, the Council sponsored Sunday afternoon sock hops which were held, this year, after the Mercy and St. Louis University High football games, and after the St. Louis University High and DuBourg basketball games. The hops, run each time by a different department of the Student Council, were one of the most profitable ventures undertaken this year.

Funds raised by the sock hops were used to finance new uniforms for the basketball and football teams. During the Christmas season, the Student Council backed the clothing and canned goods drive for the poor.

In addition to these obvious accomplishments, the SC has been responsible for and has fulfilled its obligation of giving the student body a voice in school affairs and in bringing about many other minor changes.

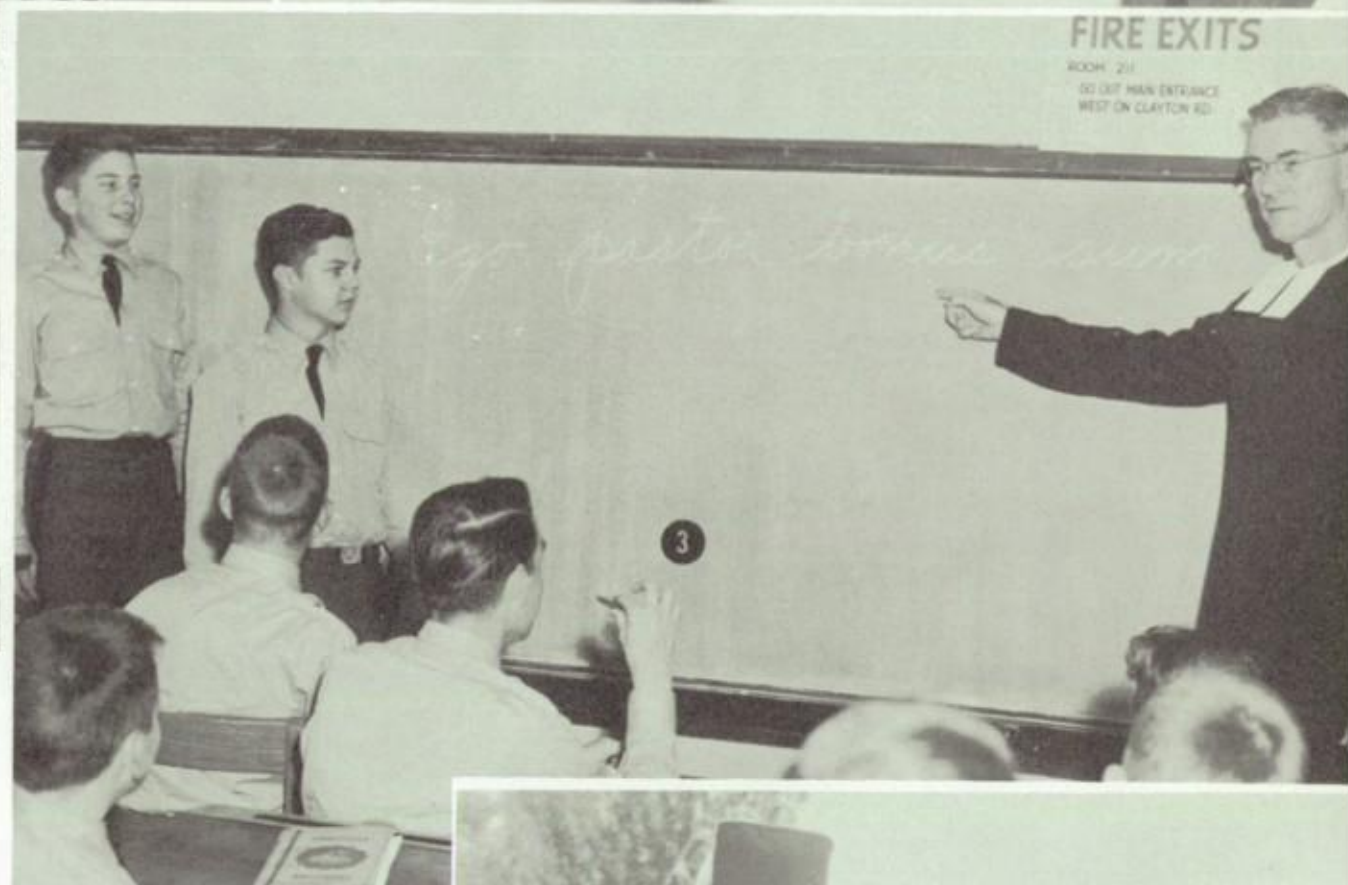

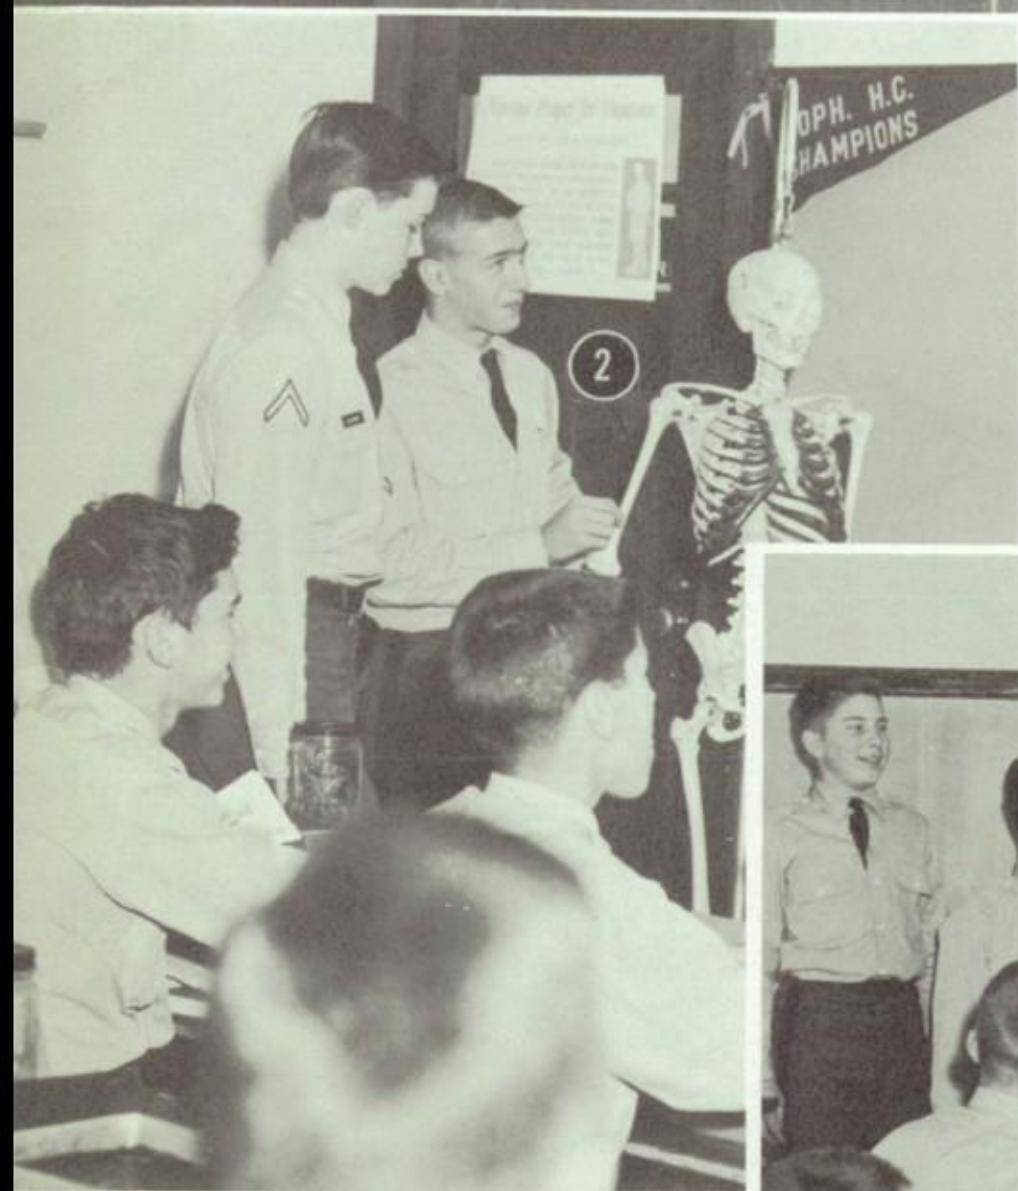

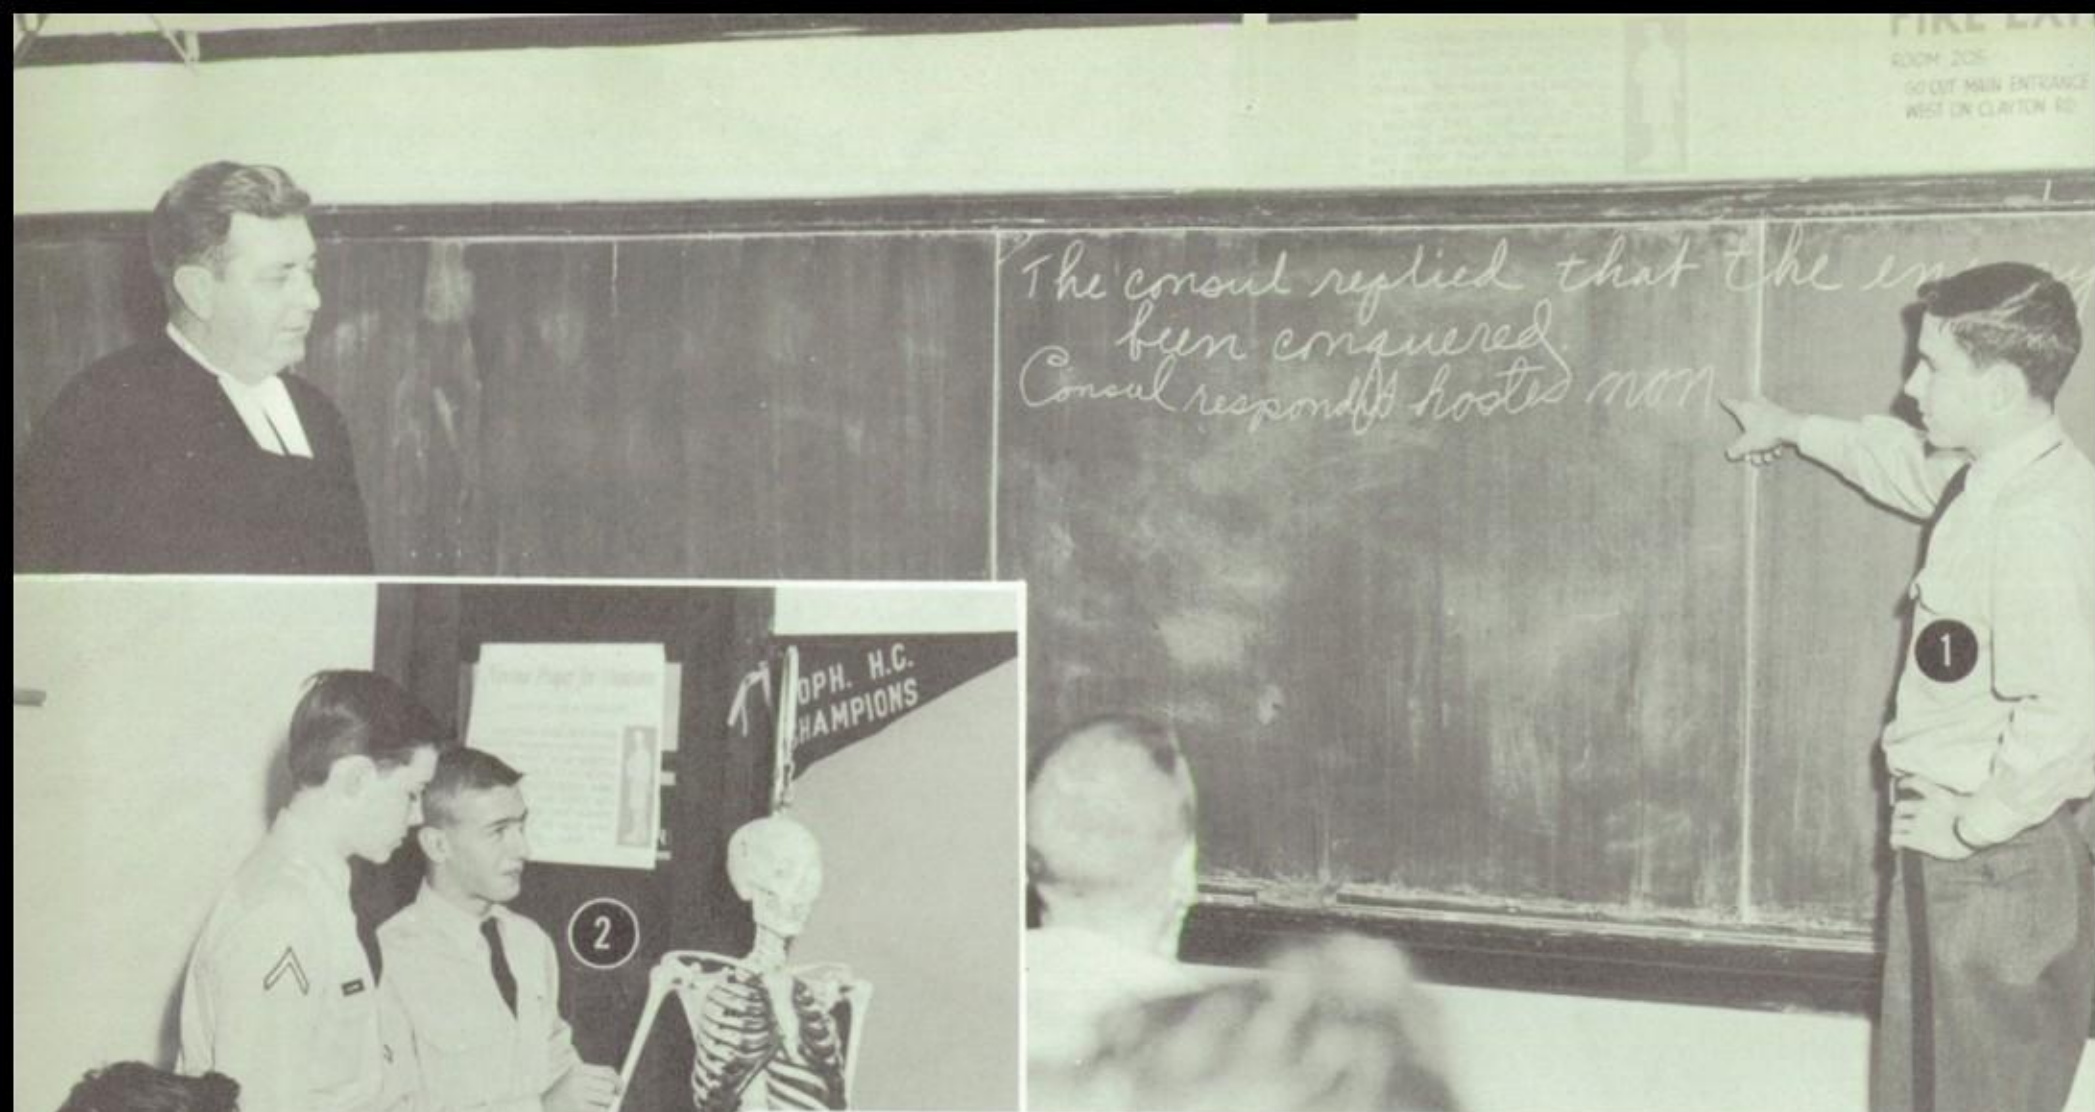

The CBC students have come to regard the Student Loan Association as a common fixture around the school, a fact which is certainly not true. The bank is unique. It is one of the few successful high school organizations of its kind anywhere. With its revised constitution and its 10-member Board of Directors, the bank has completed its third successful year of operation. Each member of the Board, fulfilling certain specified duties, has insured smooth operation. Low interest rates, fine publicity, and convenient location have done much to encourage business among the student body.

The Bank, which in its early hectic days was regarded as more or less of a novelty by the cadets, has settled down to regular operation. Tendencies of customers this year has been toward fewer loans but of larger sums. The bank, located in Room 204, Monday through Thursday before school and Friday after class, has estimated a 15% dividend for stock-holders at the completion of the 1959-60 business year.

BANDS

CBC's Concert Band, one of the best in the state, has again come through with high honors. Under the direction of Mr. Fred Eckels, now finishing his third year, and the guiding hand of Brother John Mark, the band units have completed another successful year. In addition to performing at various civic and school functions, the band gave one of the most successful concerts in its history in the second annual Lads and Lassies musical.

The military marching band, in the events in which it took part, performed admirably as usual. And, at the football games, it was a main attraction.

Main objectives of these organizations is to further the young men's education through music. Besides teaching a sense of duty, many cultural values are obtained through concert work.

CBC's great music department in co-sponsorship with Ursuline Academy, staged its best musical performance at Kiel Opera house on Feb. 7. The treat replaced the usual Christmas Concert and annual Spring Concert. It was well waiting for and showed the results of the months of preparation given to its production by Brother John Mark, Mr. Fred Eckels, Mrs. Jeanne Sischka, Mrs. Mary Fuchs and Mother Mary Lea.

1960 GUIDON

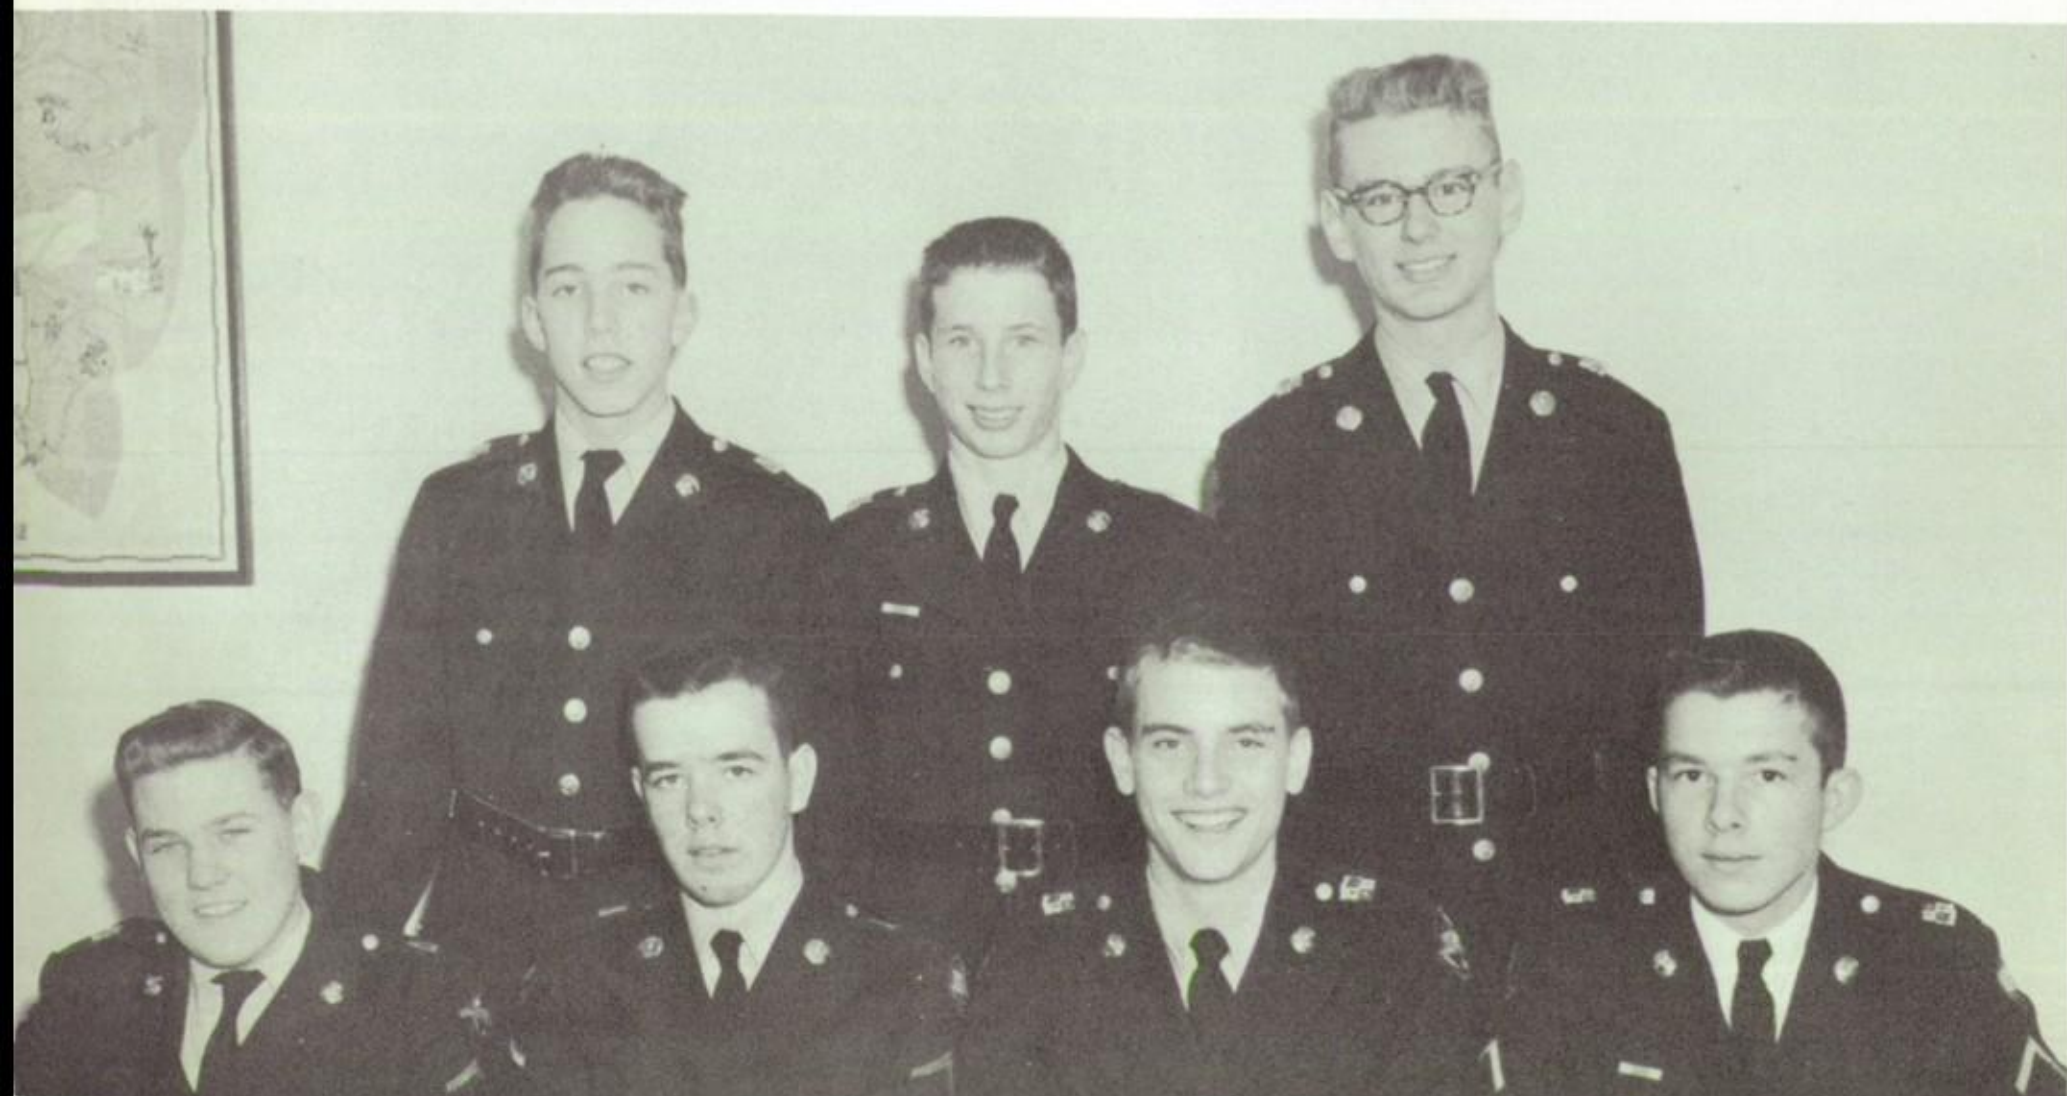

The co-editors, Charles Tines and Frank Gruber, under the mentoring of Brother Hubert Gerard, have labored diligently ever since the various dummy yearbooks were handed in by the members of the staff near the end of last May. From these dummies the layout men, Bob Stoessel and Melvin Benoist, took several ideas and incorporated them in this 1960 edition of the **Guidon**. Since they are not concentrated but scattered widely throughout the book, their use adds to the readability of the yearbook. The format, determination of the editors to edit copy thoroughly, adherence to the rules of style—CBC style, that is—contribute to making this 1960 **Guidon** well worth the effort expended.

Two major changes were made this year in **Guidon** business. For the first time in its history,

lower classmen are on the staff. Their experience will aid them greatly when they take over the reins of editing. Second change was in the sales department where all cadets received billing for the book. Each year has seen an increase in the orders. This year, under the new system, more than 800 copies were ordered. Only those who requested books, will receive them this year.

Every effort has been made to have an accurate account of the school year at CBC. Both serious and humorous interpretation are made of the many candid shots throughout the book. This has been the editors' privilege for all years. Nineteen sixty is no exception. All in all, the editors feel that they are giving you a book that is different in many respects from those of yesteryear.

1960 GUIDON

The 1960 **Guidon** represents the hard work of a group of CBC boys who spent much time last summer in meetings both at school and at their homes to present a yearbook that is tops in writing and in many of the features that were put into it so capably by the two layout men, Bob Stoessel and Melvin Benoist.

The one idea in the minds of the editors and others associated with this book was that the 1960 **Guidon** be treasured by all those getting a copy. It is the sincere hope of the staff that this has been accomplished.

The students of CBC, whether they realize it or not, are the proud possessors of one of the finest high school periodic publications in St. Louis—**The Turret**. On the last Friday of the month at 9:15 A.M., it is a familiar sight to see a cadet walking down the corridor to his second period class, books and **Turret** in hand, with his eyes glued to the latest edition.

The newspaper's excellent balance of news, features and sports keeps the student body well informed and entertained. In this line, the paper contains many unique columns and features unavailable in many high school publications.

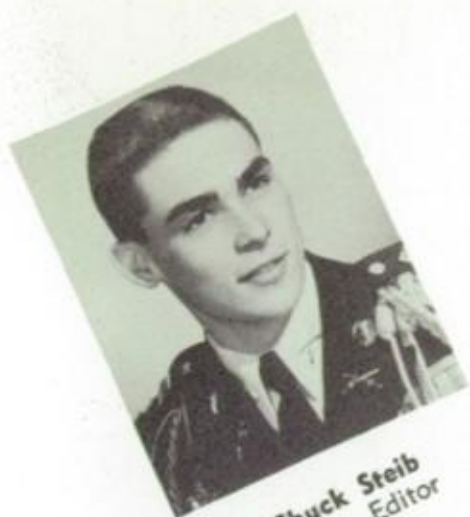

Due to Brother Hubert Gerard's successful journalism classes, the editors have been blessed with a well-trained and competent reporting and writing staff. Under the direction of Editor-in-Chief Dave Hess, **The Turret's** dual News Editors, Jim Collum and Jack Cooley, present the news in an entertaining easy-to-read style, usually covering the first two or three pages of the paper.

Following logically, the next section falls into the capable hands of Chuck Steib, Sports Editor. Since the sports pages are read thoroughly and enjoyed by all cadets, they must do a good job of relating CB's losses and victories, not to mention sidelines on the school's teams, coming athletic contests and, of course, the Player of the Month column which tells the tale of senior members of the Varsity teams who have merited recognition.

Jim Taszarek has command of the feature page, the purpose of which is to express the voice of the students. Besides timely editorials on topics of interest to all cadets, Jim edits feature articles compiled by the news staff.

The pages of **The Turret** are also enlivened by the traditional Senior of the Month column, purpose of which is to immortalize monthly a deserving member of the Senior Class who has merited this recognition by four years of hard work. In addition, the "Seeing I" provides sidelights of school life, and Mike Peters adds a humorous note to **The Turret** with his comical interpretation of things around school. Let's not forget Art LeGare, who is responsible for the paper's photographic excellence without which **The Turret** would seem quite dull, and Jolly John Pohl, circulation editor.

But, most of all acknowledgments go to Brother Hubert Gerard and Brother Kenneth Edmund, moderators, without whose hard work and patience **The Turret** could not exist. Under their direction, Dave Hess and his editors have been able to continue **The Turret** tradition in 1959-60 and have teamed with the staff of trained writers and reporters in turning out a journalistic publication worthy of the students and faculty of Christian Brothers College Military High School.

"To further the education of the future engineers from CBC," is the purpose of the Engineers' Club. The aim was excellently accomplished this year by the club and Brother L. Charles, moderator, who filled the academic year with many interesting as well as educational events. Among these were lectures by professional men who gave information concerning possible aspects of the life and work of these potential future engineers.

Talks included mechanical and aeronautical engineering as well as a discussion period with students from highly rated engineering schools. The year was not without its field trips as the club members ventured to many of the scientific fields of endeavor in the environs of St. Louis.

SCIENCE CLUB

The Science Club this year got off to its best start in history. The number of members increased so that the club had to be split into two sections, the Physics group, moderated by Brother L. Charles, and the Biology section under the guidance of Brother L. Stephen.

Better than previous years, the club has thus far surpassed all other Science Clubs of the past in both numbers of members and in work done.

More facilities were made available to members working on either a Science Fair project or on a project for class use.

Membership requirements were upped to include stress on good scholarship in other subjects in addition to the scientific courses being followed. Further, members must be willing to devote spare time to working on their projects.

Science films were shown at each meeting of the Club, each of the films pertaining to a different topic. Along with this at each meeting, a new topic was outlined and discussed by the members.

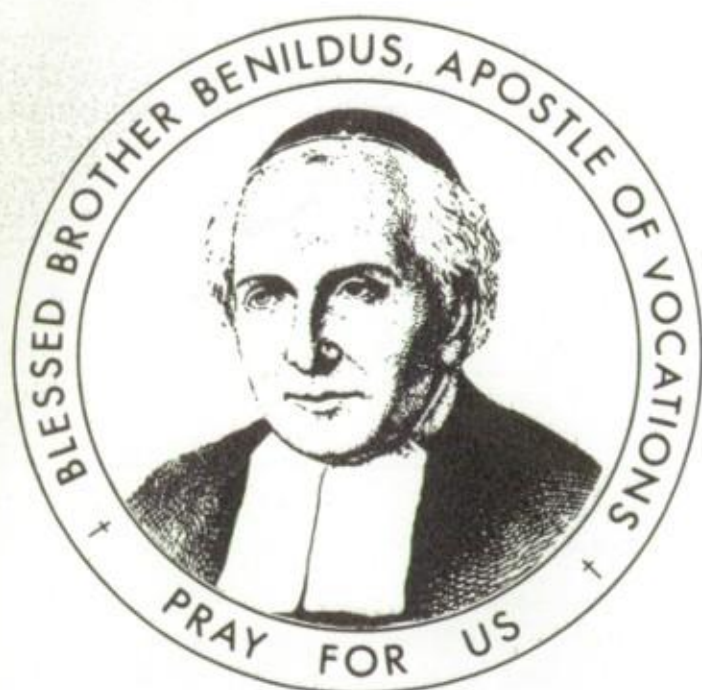

PHYSICS SECTION: David Kunz, Gene Federhofer, Gerard Sandweg.

BIOLOGY—**Seated:** Philip Giljum, Robert Stoessel, Richard Poehling, William Deichmann, James Roither, Kenneth Delgman. **Standing:** Gary Mueller, Robert Edler, William Nenninger, Fred Buerman, Wayne Kraft, Norman Adams, Edward Nickels, John Heilman, Robert Hampe, William Emmerich, Glen Davis.

VOCATION MASS

Mass is said each month in the school chapel on the 25th, at which members of the Blessed Benildus Vocation Club assist to ask God's blessing on vocations at CBC.

The Blessed Benildus Vocation Club is an organization exclusively for seniors. Its principal and ultimate end is to instill in the students the true meaning of vocation and to teach them to pray for the grace to know and to follow that vocation.

Members of the club—both active and associate—are aware of the necessity of religious vocations and are willing to work, pray and sacrifice for an increase in the number of "laborers of Christ" both as Brothers and as priests.

LIBRARY CLUB

Seated: William Bowen, Frank Basile, Tim Ayers, Nicholas Weiss, Douglas Ottenslips, James O'Gorman, Richard Poehling. **Standing:** Steve Walden, William Deck, Thomas Ryan, Melvin Benoist, James Clavin, Arthur Haynes, Robert Bence, Robert Hampe.

"Brother Constantine sure makes us work hard," moans Tim Ayres.

Bill Nenninger, Nick Weiss and Dick Poehling process books in the work area.

CLUB OFFICERS discuss workings of the members. Left to right: Michael Borgard, president; Robert Falk, treasurer; John Kelly, vice-president; Paul LaGreek (inset), secretary.

Through its concerted effort during the past year, the Fathers' Club contributed a great deal to the betterment of CBC. Among their accomplishments this organization counted the greatest homecoming drive in its history. Through it they reduced materially the debt on Vaugirard and helped to bring about many other improvements on the campus. Without the Fathers we seniors would have missed many of the wonderful things that happened to us in our four years at school. It is our fervent prayer that God will continue to bless their efforts in the years ahead.

Mr. Rudy Steib
President

MOTHERS' CLUB

Through the years since its founding, the CBC Mothers' Club has donated generously of its time and effort to the advancement of the institution it represents. Some of its more outstanding accomplishments during the past year have been the card parties, fashion shows—rivaling the Parisians' best—monthly meetings, Christmas Party and other gatherings where the best was none too good. It would be difficult for us to enumerate all that the mothers have done for us in our short stay at CBC. Their kindness and generosity is equalled only by the spirit in which they do their work. And that spirit, as we know so well, had as its fountain-head, LOVE . . . love for us, the sons, and love for the school which we attend.

CBC Honor Groups

NATIONAL HONOR SOCIETY

Any CBC Cadet would be proud to say he is a member of the National Honor Society, for it is the highest honor a cadet can achieve. Although membership in the NHS is granted only to deserving seniors and some juniors, preparation begins with the freshman year to qualify for the requirements which are: superiority in scholarship, service, leadership, and character. By exemplifying these ideals for which the school is striving, NHS members have established a reputation of which they can be justly proud.

QUILL and SCROLL

Quill and Scroll is an international organization for upper classmen who have demonstrated superiority in the field of journalism. The requirements for this coveted honor society award are: The candidate must be in the upper third of his class; he must have done a considerable amount of work on either **The Turret** or the **Guidon** or both; his application must be approved by the publication's moderator.

Senior Class History

Chemistry Manuals, as usual, but we never saw them again. They were conveniently mislaid and destroyed in the most important fire of the year: via the incinerator.

On our first official day as seniors he met us in the traditional way with a loud "blam" on the desk and a hearty "High-ho, sit in there!" And, who could this be but the man beloved and respected by all, the coaching colonel: Mr. William Klemm.

Many of us, upon starting the Senior Year, found that the premise had been invaded by a former teacher of our friendly rivals, who attempted to make heretics (?) out of all who took English from him. But, in virtue of his repentance, he has been restored to the good graces of the student body and is now affectionately known as EJH.

Our social life was not neglected this year. Sock hops, while not the most gala productions put on by the individual classes, offered a good excuse to get out of the house to help a worthy cause. Without this one money-making function of the Student Council, the scholarships and new uniforms of the State Basketball Champions—for the second time, no less—could not be financed.

Spotlights, gold, silver, girls and cadets all go towards producing the "La Promenade Militaire." Once a year, through

painstaking pride and artistic ability, our basketball-worn gym, assumes the status of a romantic ballroom. Fluttering formals and shining sabres worn by equally shining officers, fit into this uniquely magnificent atmosphere. The highlight of the evening is the curtain-raising entrance of the Colonel and the Queen of the CBC Ballroom.

The day for happiness and sorrow; the day when all is over and everything beginning; the day of companionship; this is **graduation**: a couple of hours when your class is closer than ever before, and yet, after that day one won't see more than half of them this side of eternity, again.

There isn't much that can be said about graduation except that it is a time for memories and a personal experience never to be forgotten.

Our high school days are over. Ahead lies a future charted only in the mind of God. We take with us a preparation granted to us by the unselfish Christian Brothers and set out on our life paths. We are ready for the future and forward we go.
